There are Giants Among us...

We have all heard the statement; "we stand on the shoulders of giants." Well I now know what that means. I stood on the shoulders of a giant once and caught a glimpse of the view from where he stood. The giant in my life was Jim Hurlbert . . . just "Hurlbert" to me, and probably to others; he was just that kind of guy. Bigger than life, a force, a mentor, a coach and a friend; Hurlbert was an instrumental force in our formative years with Angels' Place.

As the first Chairperson at Angels' Place and in many ways, a founding father of the organization, Hurlbert gave Angels' Place the bones that it needed to grow and develop into a 22 year old organization serving hundreds of individuals with developmental disabilities. He was never afraid of making the hard decisions and like metal sharpening metal, we owe much to Jim Hurlbert for the durability and successes that Angels' Place is able to celebrate today.

We recently shared amongst our Angels' Place team a little card that said; "To the world you may be one person, but to one person you may be the world". Over the course of time and to many of us at Angels' Place and throughout our community, Hurlbert held that position . . . Hurlbert meant the world to me.

Jim Hurlbert

Shifting sand . . .

In many ways as an organization, it feels like there is shifting sand beneath our organizational feet. This will be the second year in a row that we have had to wrestle with the very real threat from our funding agency of significant funding cuts. As of this writing we have been informed that effective October 1st, the \$2.9 million that we rely upon from the community mental health system to serve 92 men and women with developmental disabilities, will be decreased by 6% for the upcoming fiscal year, increasing our deficit by an additional \$170,000.

With a public funding stream that has been literally flat (and now reduced) for the past decade and an inflation rate of 30% for that same period, the financial hurdles are becoming increasingly burdensome. They are threatening the services we are able to provide, thereby menacing the lives of the individuals whom that same funding is meant to protect. Something is simply not right about this situation. Many have begun to speak up and to all of those who have made it a point to advocate on this issue, we thank you.

For the first time in the 17 years that I have been with Angels' Place, there is a sincere and pervasive fear in the voices of families, even fellow provider agencies are closing doors and initiating very deep and risky cost cutting measures in an effort to continue to care for a fortunate few. The stories families are telling are real and they are worrisome.

And then, a group, a volunteer, a donor, comes along and says, "I can help" . . . a resident says, "I love you" . . . a co-worker says, "I am proud to be part of the team" . . . and an aging Mom or Dad says "Thank you, now I have peace." It is at those moments that you know that the sand is not shifting and the foundational rocks of community and faith that the organizational founders built Angels' Place on are both solid and enduring.

It is our prayer that as an Angels' Place community we remain engaged on the issues and we rally around the needs of those less fortunate than ourselves. We are our brother's keeper and we give thanks to all who have embraced our mission and the people we serve. We could not do it without you; nor would we want to.

With a grateful heart to you and yours,

We are so incredibly thankful

to announce that as part of the June and July 1000 vehicle challenge, the Marty Feldman family has donated \$50,000 to Angels' Place! A check presentation took place at the office with residents cheering them on.

Thank you SO MUCH to everyone who spread the word, shared on Facebook, bought a vehicle, etc! We could not have done it without you and we are so grateful! Thank you Feldman Family!

Thank you for supporting our Annual Golf and Tennis Event

Participants in the 22nd annual Angels' Place Golf and Tennis Event enjoyed another great day of golf at Pine Lake Country Club. Chaired by Teddy Pearse and co-chairs Duke Scrafano, Pete Treboldi and Frank Jonna, the outing raised over \$175,000 for Angels' Place programs and services.

This year's winner was the team of Shawn Lilley, Ray Kulik, Jason Olekszyk and Tom Gassman (above). Morning and afternoon tennis matches, chaired by Bob Sparks and Dale Prentice, were also available.

These Hands... In Studio One

Angels' Place residents from the Enrichment Program participated in weekly art classes at the BBAC. In July the art produced by "These Hands" was displayed on the gallery walls of BBAC." It was so awesome to see the reaction of the residents as their guests responded to their art work."

It was a great way for the residents to express themselves through different art medium. We hope to have a showing and sale of these artworks in the near future.

We are proud of Sandy. Congratulations!
